Dear Reader:

With generous support from the Gardiner Howland Shaw Foundation (www.shawfoundation.org), Community Resources for Justice (CRJ) (www.crj.org) is proud to distribute this annual, comprehensive directory of reentry services in Greater Boston. The Coming Home Directory is intended to assist individuals transitioning from incarceration to the community and their families in accessing available support services. Local service providers, community leaders, and government officials can also use this directory to assist in establishing stability for returning citizens.

This directory is presented by the Crime and Justice Institute (CJI) (www.cj institute.org), a division of CRJ. For more than 145 years, CRJ has been driving transformation in justice systems, supporting people as they reenter their communities, and empowering those with intellectual or developmental disabilities. In support of CRJ's mission, CJI bridges the gap between research and practice, using data-driven solutions to drive improvements in adult and youth justice systems across the country. Our organization is committed to improving public safety and human service delivery in Massachusetts and nationwide with our creative, collaborative approaches to today's most pressing and complex challenges.

At CRJ, we know all too well that the transition from incarceration to the community is a difficult time for returning citizens and their families. While significant barriers to reentry exist, there are many services and agencies throughout the commonwealth that can provide assistance and support individuals in successful reintegration.

CJI began collating the directory in 2009 and continues to maintain and expand this resource, based on the foundation created by the Prisoner Reentry Working Group, the original authors of the directory.

Futhermore, with additional support from the Gardiner Howland Shaw Foundation, CJI has convened a working group to develop a statewide reentry resource web-app called the **Massachusetts Reentry Resource Directory**. This resource is accessible at MAreentryresources.org and includes information on support services throughout the state of Massachusetts.

The **Coming Home Directory** can be found at www.cominghomedirectory.org. The directory is searchable online in a number of ways and allows users to obtain contact information and download or print the PDF version. The Coming Home Directory website is updated on a rolling basis. Therefore, please visit the website for the most up-to-date information.

Sincerely,

This initiative and the information included in the Directory and on the website would not have been possible without the dedication and vision of the Prisoner Reentry Working Group (PRWG), and the financial support and insight of the Gardiner Howland Shaw Foundation.

The PRWG was established in 2000 out of concern for those leaving prison and facing the formidable challenge of trying to create new lives for themselves in Greater Boston. PRWG developed the project that became the Coming Home Reentry Resource Directory. Over the next several years this group continued to collect, edit, and manage the information in the Directory to ensure that it was accurate and accessible to those in need. The efforts of PRWG have assisted countless returning citizens, their families, and those working with them in the corrections system and in the community to improve reentry success for previously incarcerated individuals.

The Gardiner Howland Shaw Foundation continues to be a strong supporter of this project and maintains its commitment to vital services and policy development to assist marginalized populations and their advocates despite adverse environments.

Introduction

Welcome to the Coming Home Directory.

This Directory is a compilation of the services available to individuals transitioning from incarceration to the Greater Boston community. The Directory presents important information for returning citizens and their families, corrections practitioners, service providers, and policymakers. This Directory is presented by the Crime and Justice Institute (CJI), a division of Community Resources for Justice.

The purpose of the Directory is to assist people transitioning to their communities – as well as their families, service providers, and local agencies – improve their chances of success in the community by connecting them to services necessary for stability and success. The transition from incarceration back into the community can be extremely challenging for returning citizens. However, there are many organizations in the Greater Boston community that provide the assistance necessary for long-term success.

HOW CAN I ACCESS THE DIRECTORY?

In addition to the printed version, the Directory can be found online at www.cominghomedirectory.org. The site is maintained by CJI and is updated on a rolling basis. Due to resource limitations, physical copies of the Directory are printed annually and available in limited numbers by request.

The agencies listed in the Directory and on the website are not exhaustive. The CJI team has tried to include all appropriate agencies and organizations, however some information may be missing. It is our intent to expand this list as more information is made available. To do this, we rely on the community of providers and users to assist us in maintaining accurate and relevant information. If you recognize inaccuracies about a service or agency in this Directory or on the website, or if you know of or are part of an agency you think should be included, please notify CJI.

Update requests can be submitted via email at cominghomedirectory@cjinstitute.org or by filling out the “CHD Annual Updates & Opt-in” form [linked here](#). You can also find copies of the form on the website by visiting the “Documents” page. The website is updated as quickly as possible and includes the most recent information available. The printed version of the Directory is updated annually. The Directory is designed to connect people to services. The information for each organization in the printed version and on the website has been provided by the service provider or obtained from the organization’s website. The editors cannot and do not assess the accuracy or quality of the services available.

Description: Understanding the need to empower homeless parents with essential employment skills, a positive employment experience, and an increased sense of self-worth to serve as the foundation for long-term employment stability, we developed the Learn2Work Program, which provides a supportive work environment that encourages participants to successfully support their family and make a difference in their community.

Services: The Learn2Work Program also provides “soft-skills training” (such as communication and interpersonal skills) and job-placement support to every intern. Interns gain job-skills in a supportive work environment (either retail or culinary) that empowers them to implement personal career plans and work through employment issues that are the basis for any employment success. The goal of the Learn2Work Program is to provide a supportive work environment that ignites the desire within each intern to successfully support their family and make a difference in their community.

- Interns discover that work is valuable, work allows them to give back to society, and it builds their self-esteem. We have learned that our internships can literally transform our intern’s relationship to work. The families who are living in our shelters will be the source of the 25-35 interns per year who will gain real world experience as they operate our retail store and prepare and serve our meals as they Learn2Work! (Learn2Work includes two initiatives: the Hope Chest Retail Program and a Culinary Skills Program.)

Languages: French, Haitian Creole, Spanish, English

Description: Fathers' UpLift works to assist fathers in overcoming barriers) that prevent them from remaining engaged in their children's lives. We engage in a three-tiered approach to our mission, focusing first on impacting individuals, then on building families, and finally on enabling societies and communities to better serve and support fathers and families beyond our doors.

Services: These three tiers of impact are upheld by four pillars of programs outlined below –

Clinical Support program: Clinical therapy services for men and families to help them navigate challenges related to parenting and expressing their feelings.

- Therapeutic Coaching services: Personal mentorship/guidance and holistic assistance with stressors such as employment, houselessness, custody challenges, and more. Involved in our Therapeutic Coaching services is our Fathers' Homecoming Program in which Fathers' UpLift meets with men up to 6-months prior to reentry to build a plan of care. Upon release, we provide a "Bag for Dad" and transportation to their current place of residence.
- Youth Services: Supporting fatherless youth with programming to address the root cause of fatherlessness and stop cycles of father absenteeism.
- Male Engagement Institute: Trainings, curriculum, and internships provided with the goal of guiding mental health agencies, government agencies, and schools of social work on how to best serve and support fathers and families.
- Central to Fathers' Uplift's mission is a priority placed on making mental health accessible and familiar for historically marginalized and low-income communities. We believe that therapy and coaching services are most effective when staff share cultures, backgrounds, and experiences with the population they're serving.

Languages: RYI's staff is multi-cultural and multi-lingual reflecting the culture and language of the youth and families they serve.

Description: Roxbury Youthworks, Inc.'s mission is to help youth caught in cycles of poverty, victimization and violence transition successfully into adulthood.

Services:

- *District Offices (DOs)* – RYI has 4 programs across 7 sites in Metro Boston that include: The Community Service Network which supports youth committed to the Department of Youth Services (DYS) as they transition from secure treatment facilities back to their home or an alternative placement. The RYI and DHS casework team are co-located in 4 District Offices in Dorchester, Roxbury, Roslindale, and Chelsea. They work with youths until they “age out” of DHS or end their voluntary services, assisting them to complete their education, gain employment, receive behavioral/mental health and other services.
- *Gaining Independence for Tomorrow (GIFT)* – provides prevention, intervention, support, stabilization and therapeutic services to young girls who are current victims, former victims, or at high risk of becoming victims of Commercial Sexual Exploitation (CSE). Through intensive individual mentoring, weekly psychosocial support groups, enrichment activities and leadership opportunities, their Life Coaches aid the girls in their recovery from exploitation and/or work to prevent them from entering an exploitative relationship.
- *Being United In Leading our Destiny (BUILD)* – Applies the successful model developed at GIFT, but exclusively serves cisgender males, transgender and gender-nonconforming youth who are victims of Commercial Sexual Exploitation and/or sexual assault or are at high risk of becoming victims. What makes GIFT and BUILD different from other programs serving this population is that they are open seven days a week.
- *Dimock Street Lead Agency* – Through RYI's Dimock Street Lead Agency in Roxbury they work with the Department of Children and Families (DCF) to facilitate and monitor all contracted youth and family support and stabilization services so that children are not removed from their family or are reunited in a safe and timely manner.

Black and Pink Massachusetts

Address: PO Box 1718 Boston, MA 02130

Email: info@BlackAndPinkMA.org

Website: www.blackandpinkma.org

Requirements & Restrictions: Must be currently/formerly system-involved in MA and LGBTQ+ or living with HIV.

Languages: English, some Spanish.

Services: Black and Pink Massachusetts provides community support, advocacy, policy work, and mutual/material aid, and reentry support for LGBTQ+ people and People Living with HIV (PLWH) in Massachusetts who are involved with the criminal legal system. Their programs aim to support their members throughout the entire criminal legal process including arrest, prosecution, incarceration, and post-release.

- Pen-Pals – their pen-pal program is the heart of their work. They connect free world people to incarcerated members who are LGBTQ+ or living with HIV to create revolutionary relationships
- Bail Support – they post bail for LGBTQ+ and/or people living with HIV in Massachusetts. Through their partnership with The Massachusetts Bail Fund, they are able to post bail up to \$2,000 per person
- Court Support – the program pairs you with a volunteer if you need to attend a court, parole, or probation appointment. They offer court reminders, local transportation, a hot meal, and cigarettes
- Reentry Support – they offer \$150 for members released within the last 30 days. This is in the form of a Visa gift card that can be used almost anywhere
- Housing Support – they offer up to \$1,000 in housing support for our members. This is most often used to cover the first month of a sober home. They review requests on a case-by-case basis. A W9 required for all cash payments. Coming soon: They are preparing to open the Alexia Norena House, a space created specifically for formerly incarcerated trans people. Once open, they will be able to host 4-5 trans individuals in a supportive and loving environment.
- Drop-In – their weekly drop-in is a time to build community. They offer reading groups, letter writing, pen pal support, and special events. Formerly incarcerated people who identify as LGBTQ+ or living with HIV are provided a \$20/hr stipend. If you would like to attend one of their weekly meetings, please email programs@BlackAndPinkMA.org for more information.

The organization also provides assistance and referrals to LGBT community members. The web site is in English and Spanish, is kept up-to-date, and has information helpful to the LGBT community.

Services:

- **Hotline** - provides confidential emotional support, information, and safety planning for those in the LGBTQ+ community, as well as those in SM/kink and polyamorous communities who are being abused or have been abused by a partner. All hotline staff are trained in domestic violence, peer counseling, crisis intervention, and safety planning.
- **Housing Pathways Program - Safehome** - offers short-term (up to 1-month) emergency housing to survivors (individual or family) at a confidential location. Safehome does not have one specific location; at any given time, it could be located anywhere in the state. Housing Pathways staff work with the survivor to select a location that feels safest for that survivor and best fits their current needs. The primary purpose of the Safehome program is to provide respite in a place that feels safe for the survivor. Call the 24/7 hotline to receive updates about the status of space availability and to get connected with this service
- **Transitional Housing** – up to 2 years of financial support for housing. The type of housing is flexible and can look different for each survivor. Examples of Phase Two housing options include sober living programs, sublets, and apartments. During both phases, participants can receive a wide range of services, such as advocacy, referrals, supportive counseling, and support group.
- **Support Groups** - confidential facilitated group survivors of partner abuse to share and listen to each other's experiences, give and get peer support, feedback and information, and help with safety planning. You can receive support over the phone or in person. Call the Hotline to set up an interview with an advocate for the support group.

Phone: 857-654-1000 | Fax: 857-654-1100

Email: info@bhchp.org

Website: www.bhchp.org/specialized-services/addiction-services

Services:

- **SPOT Program** – SPOT offers engagement, support, medical monitoring, and serves as an entry way to primary care and treatment on demand for 8-10 individuals at a time who are over-sedated from the use of substances and who would otherwise be outside on a street corner, alleyway, or alone in a public bathroom, at high risk of overdose. SPOT is staffed by addiction nurses, harm reduction specialists, and peers who are in recovery themselves. While the immediate goal is to reduce the harms associated with substance use in a population which lacks stable housing and supports, our ultimate goal is to help medically-complex individuals access treatment for substance use disorders, including medication-assisted therapies, counseling, or detoxification followed by inpatient or outpatient support.
- **Office-Based Opiate Treatment** – BHCHP launched its opioid treatment program at our largest outpatient clinic located at Jean Yawkey Place in 2008. We expanded this service to our clinic at St. Francis House in 2013 and to Casa Esperanza in 2015. Specialists work with addicted patients using a combination of Suboxone treatment, counseling, and case management. Even for those using large doses of highly addictive drugs like heroin and oxycodone, Suboxone treatment can offer rapid, pain-free withdrawal in an outpatient setting — at a cost much lower than traditional hospital inpatient programs.
- **ACCESS Team** – The Addiction Collaborative and Expedited Support Services (ACCESS) team follows a chronic disease management approach, using BHCHP's multidisciplinary, patient-centered model. The team focuses on harm reduction strategies and draws on motivational approaches to promote self-driven care. The ACCESS team serves patients who are at highest risk for overdose death— those who have had an unintentional drug overdose within the last 12 months. Services include: Expedited access to primary medical care, Suboxone therapy, Behavioral health care and Weekly substance abuse groups.
- **Case Management** – case management services include accompaniment, home visits, assistance with detox and transitional programs, naloxone education, harm reduction & overdose prevention counseling.
- **Naloxone** – Naloxone, also known as Narcan, is a safe and effective prescription medication that reverses opioid overdose. BHCHP provides prescriptions for Naloxone and educates patients on how to use it.
- **Support Groups** – In October 2012, BHCHP began offering addiction support groups, first at the Barbara McInnis House, our 104-bed respite program, and then at our outpatient clinic at Jean Yawkey Place. Facilitated by social workers skilled in addiction counseling, these groups are held daily and are well attended by patients in both settings.

Bridge Over Troubled Waters Information Continued

Services: Bridge offers a comprehensive range of services to youth ages 14 to 24 in a positive and safe environment –

- **Street Outreach and Mobile Medical Van:** Street Outreach is Bridge’s daily “foot patrol” of trained outreach workers who make regular consistent contact with homeless youth on the street throughout a range of neighborhoods in Boston and Cambridge. The Mobile Medical Van (MMV) connects with the street outreach team each weeknight. See specific hours below. The Van provides medical attention, survival kits, clothes, food and referrals.
- **Runaway Program:** Bridge is the local respondent for the national runaway hotline offering 24-hour access to a counselor and an overnight accommodation away from the streets for homeless youth ages 14-17 for up to 72 hours.
- **Traditional Day Program (TDP):** Visit the second floor of the Bridge building for a free breakfast or lunch. You can shower, use the lockers, do your laundry, attend a workshop, and see a case manager.
- **Medical Care:** weekly free medical services staffed by healthcare professionals at the 47 West Street Facility.
- **Counseling and Support Services:** Get help for substance abuse, family & peer relationships, survival needs and other crisis intervention services. Bridge counselors will support and listen to you.
- **Emergency Residence:** Short-term transitional residence at the 47 West St. location for homeless youth ages 18 to 24. Youth commit to counseling, employment and continue their education. During the winter months, Bridge opens up the Warming Center, as an adjunct to the ER, each night to youth who need overnight shelter and survival each day from November through April.
- **Education and Career Development Program:** Classes for youth to attain their HiSet. Takes place M – F from 9am – 12pm and 1pm – 4:00pm. Flexible schedule, rolling admissions, guidance counseling for youth who wish to enter or continue college or vocational program.
- **Transitional Living Program:** Long-term transitional residential program. Residents are required to maintain employment, continue their education, and meet weekly with a counselor.
- **Single Parent Home:** Transitional living program for pregnant and parenting homeless young women and their children. Serves up to 10 families at any given time and may stay for up to 2 years.
- **Housing:** Bridge offers a variety of supportive services for youth seeking housing. Liberty House is the next step for young adults who have participated in their Transitional Living Program in Brighton. Bridge also currently participates in rapid re-housing programs for youth based on the “housing first” model. This program with the City of Boston is another avenue to prioritize youth for housing.
